

Financial Policy & Insurance Information

At Cornerstone Periodontics & Implants, we strive to make your financial experience as smooth and transparent as possible.

Insurance Filing

We electronically process claims for all insurance companies as a courtesy to our patients.

Effective January 1, 2026, we will be an Out-of-Network provider with Delta Dental.

Our office operates on a Fee-for-Service basis, meaning payment is due in full on the day services are provided.

For any surgical treatment, we can submit a Pre-Determination of Benefits to your insurance company before your procedure. This helps you understand what reimbursement you may receive from your insurer prior to treatment.

Insurance reimbursement times vary, but most payments are issued within 2–4 weeks. We are happy to schedule surgical procedures before the pre-determination is returned; however, please note that we cannot be held responsible for non-payment or reduced payment from your insurance company.
